DwellSafe

Digital Icon System

A premium, scalable brand mark
for Nigerian Proptech

October 7, 2026

Brand Mark

Concept and Foundations

Home at the core
A place of safety and belonging

Trust built in
Verification woven into the form

Connection matters
Linking people, property, and peace of mind

Clarity first
A strong silhouette that works beautifully at any size

From exploration to clarity

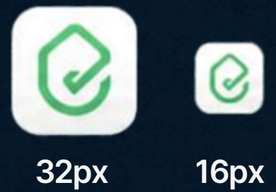

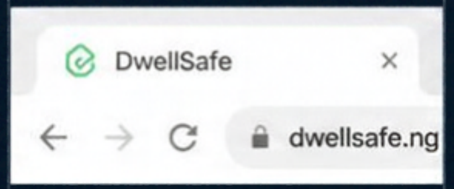

A distinctive form that brings **home, trust, and connection** together in one confident mark.

ICON SYSTEM OVERVIEW

One mark. Every scale.

The DwellSafe icon adapts effortlessly across platforms while staying instantly recognisable.

Mobile app icon	Web favicon	Browser tab icon	PWA icon	Avatar / profile icon	Small / notification icon
Primary, full-scale	Browser + bookmarks	Tab, history, address bar	Add to Home Screen	User avatar, profile	Menus, alerts, indicators
	 32px 16px				
1024 × 1024px @3x	32 × 32px 16 × 16px	16 × 16px @1x	192 × 192px @1x	64 × 64px @1x	24 × 24px @1x

One distinctive mark, designed to stay **clear**, **consistent**, and **confident** at every touchpoint.

ICON SYSTEM

Tiny scale legibility at 16px and 32px

Our mark stays clear, confident, and recognizable — even at its smallest.

Simplified geometry

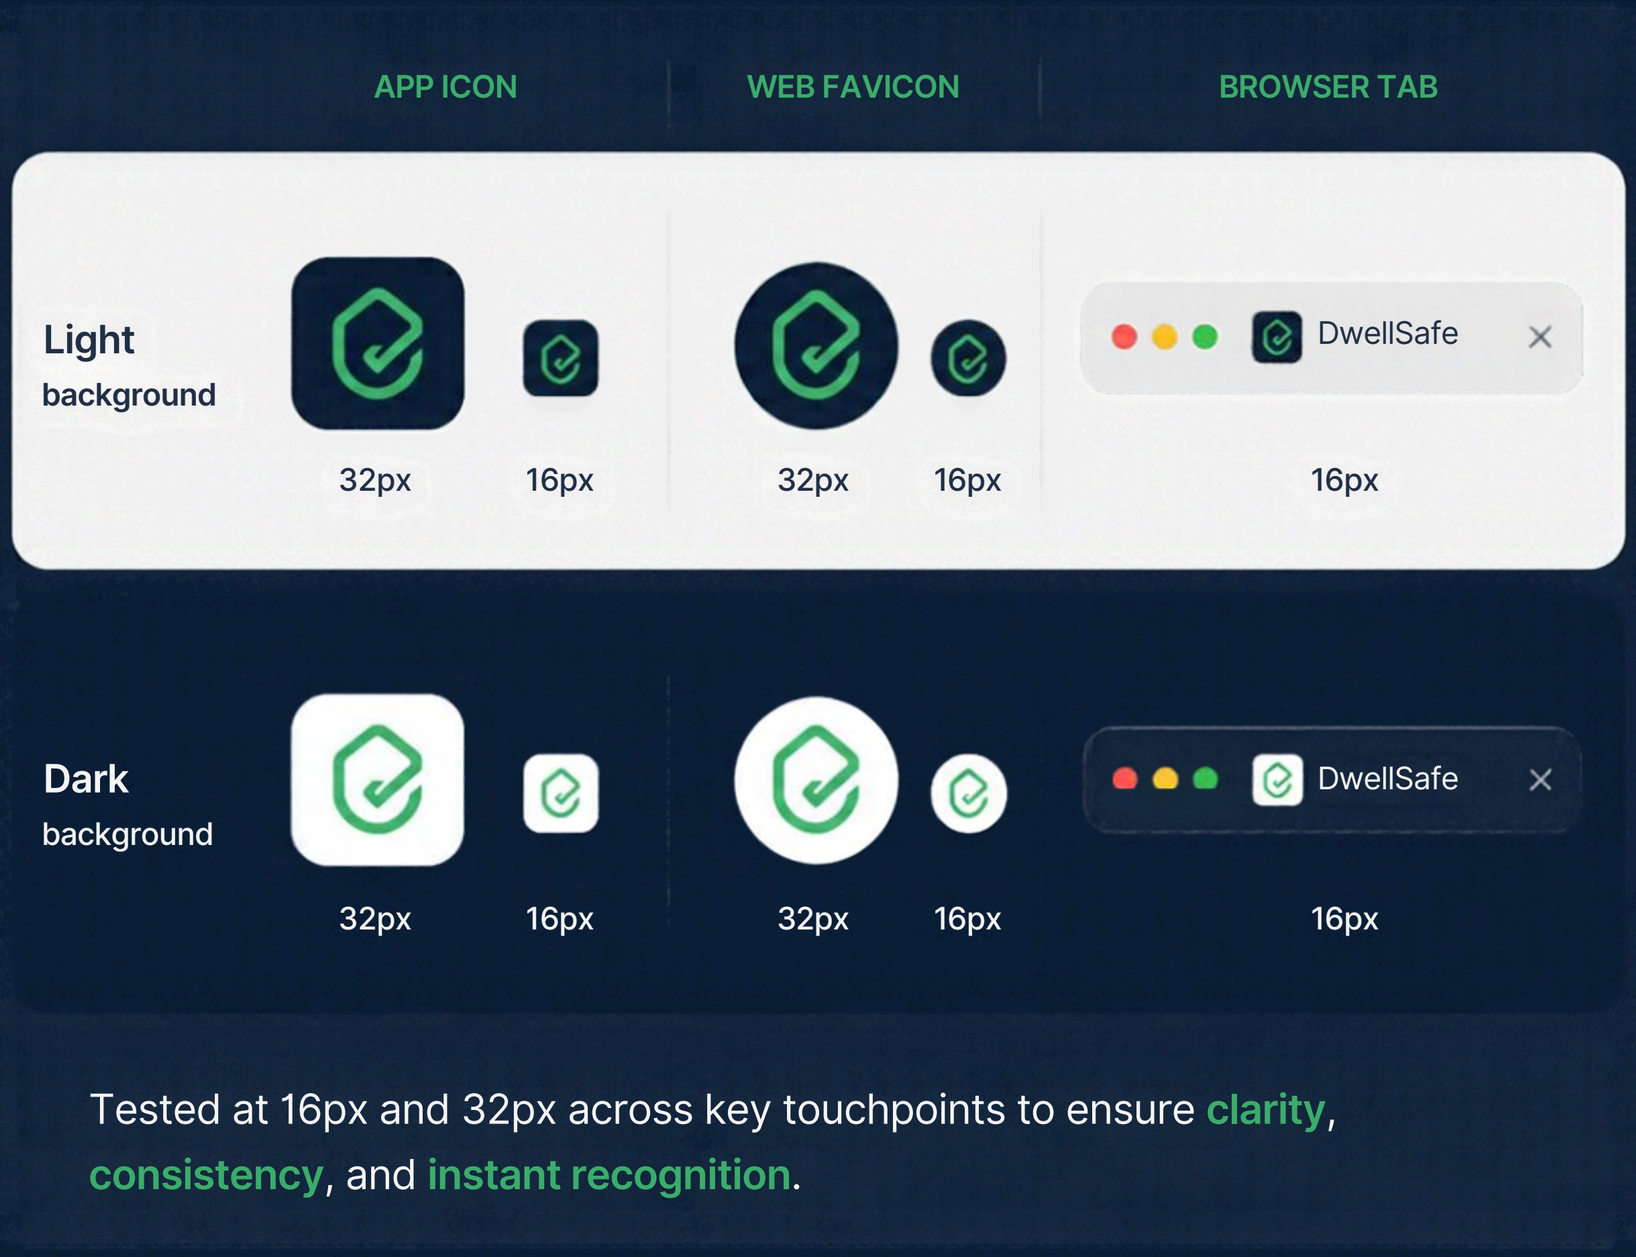

Removes detail that can blur at small sizes

Balanced stroke weight

Ensures clarity across screens

Generous negative space

Keeps the mark readable and distinct

Tested at 16px and 32px across key touchpoints to ensure **clarity**, **consistency**, and **instant recognition**.

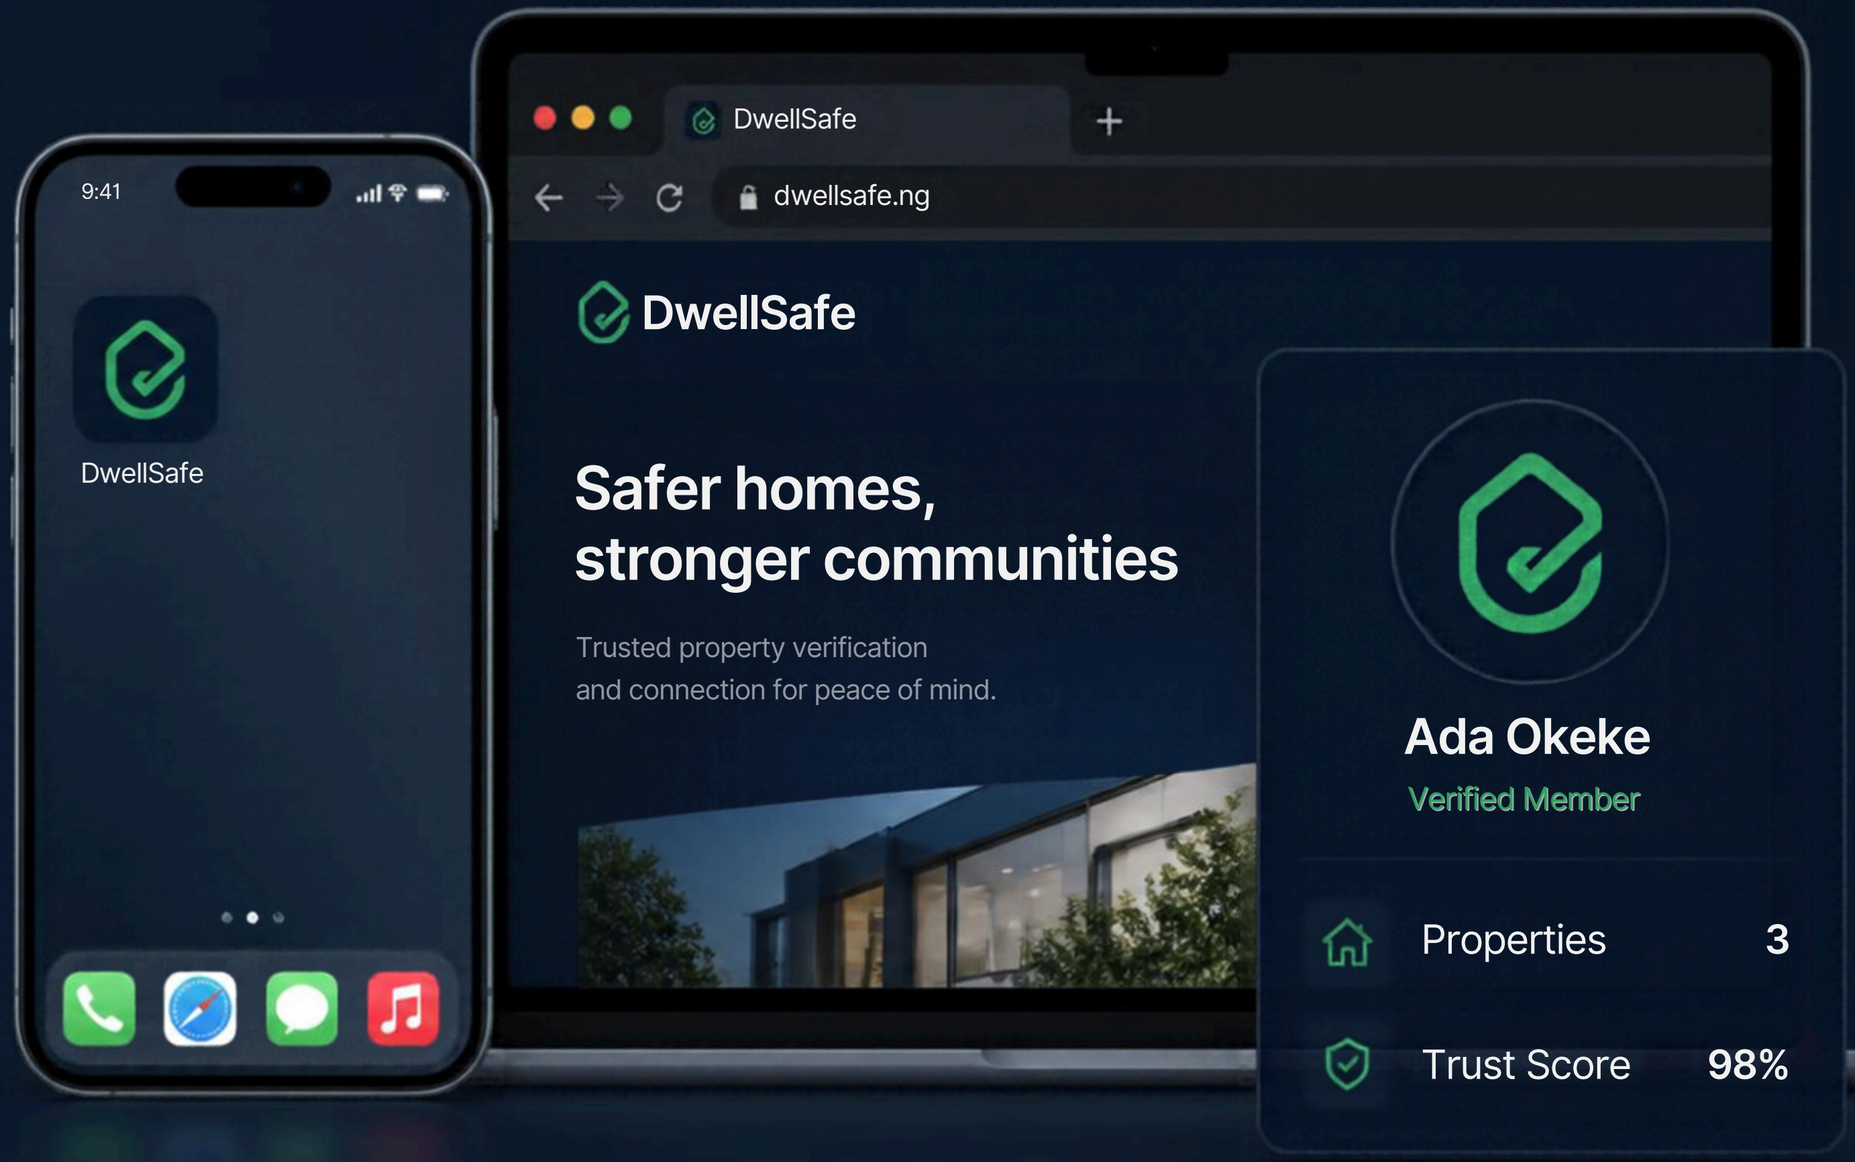

Medium and Large Scale Icon Usage

Built to look exceptional at every size

From app icons to avatars, clarity never fades

Crisp detail, strong contrast, and vibrant colour

A confident mark across every digital experience

Color Palette and Background Variations

Consistent color and background usage keeps the DwellSafe icon clear, confident, and recognizable in every context.

Light backgrounds
Use on white or warm neutrals for everyday clarity

Dark backgrounds
Use on navy or deep green for contrast and focus

Primary navy
Default for digital and print

Signature green
For emphasis and key moments

Warm neutral
Use for subtle, premium applications

ON LIGHT BACKGROUNDS

Navy on White

Navy on Warm Neutral

Green on Green

Neutral on Navy

WHEN TO USE EACH

Light backgrounds
Use for most everyday applications where the background is light.

Dark backgrounds
Use in dark mode, overlays, app interfaces, and marketing materials for maximum contrast.

Color choices
Navy for reliability, green for emphasis, and neutral for subtle or premium contexts.

Next steps and contact

A unified system

A scalable, recognizable, premium icon system that reflects DwellSafe's values.

What's next

Finalize implementation guidelines, hand off to developers, and test across app and web.

Our commitment

Consistency, clarity, and craftsmanship at every touchpoint.

Let's build with clarity

We're ready to support the rollout and answer any questions.
